

APPLY TODAY!

Great neighborhoods need great leaders.

Now taking applications through August 17, 2012

Every great neighborhood has effective leaders—people who bring residents together and make positive change happen. Where do these individuals come from and what makes them effective neighborhood leaders?

The Neighborhood Leadership Academy (NLA) is:

- For individuals who are passionate about bringing productive change to Columbus, and are open to new ideas and concepts of leadership and community building.
- An 8-month program to develop emerging and current neighborhood leaders who can serve as a voice for their community.
- Designed to train participants (age 18 and older) in leadership, advocacy, consensus building, collaboration and communication skills.

Learn more about the NLA program and eligibility requirements at LIVEUNITEDCENTRALOHIO.org/NLA
